

Ambiente 15SO DUO-PS (Power Steam)

Elements that distinguish the Ambiente from others in the industry:

Features

- Push-button operation allows even a novice to make great cappuccinos or lattes
- Automated grinding, tamping and dispensing eliminates repetitive-motion wrist injuries
- Steam wand with auto shut-off guarantees consistent, accurate milk temperature
- Clear digital display reduces training time and chances for error
- Dual boilers allow simultaneous milk steaming and espresso dispensing
- Dual integrated grinders hold regular and decaf beans
- 10 programmable selections
- Automatic cleaning cycle takes only 5 minutes

Capacity

- 6kW steam boiler heats up 1 liter (32 oz) of milk in 1 minute
- 3kW espresso/hot water boiler makes up to 120 espresso shots per hour

Small Footprint

- Only 17" wide (that's twice the width of this page you're holding!!)

Customer Base

- Over 6,000 machines installed at national coffee and restaurant chains, hotels, cafeterias, grocery stores, bakeries, universities and corporate offices

Service Network

- Our national network, of over 190 service centers, covers every major metropolitan area
- All technicians have been trained and certified by Schaerer
- Toll-free support is available 24/7
- Parts are available locally
