A Division of K-TEC

Now featuring
PROGRAM+PLUS[™]
30 Pre-Programmed
Blend Profiles
On-Board

The Blendtec SpaceSaver[™]

SpaceSaver™—A huge value in a compact size.

No matter what size operation you have, you expect a lot from your equipment. The SpaceSaver™ is designed to provide premium value at an affordable price. Loaded with features typically found only on more expensive machines, the SpaceSaver™ is one blender that gets attention, and deserves it!

POWER

A 1500 Watt motor delivers 3 peak horsepower—50 percent more power than other blenders in its class.

PROGRAM+PLUS™

Pre-programmed blend profiles take the guesswork out of blending. The SpaceSaver™ now has 30 on-board profiles you can select for your operation. PROGRAM+PLUS™ allows you to get the most from your blender. Another value advantage of the SpaceSaver™.

LIQUID CRYSTAL DISPLAY

Displays blender cycle count and other helpful diagnostics.

FORM AND FUNCTION

Look at the low profile design: a small footprint requires less counter space than most blenders. Jars are stackable, light-weight, and made of durable polycarbonate. Jars can be personalized with your logo.

VERSATILITY

The SpaceSaver™ can be mounted in the counter or in the compact stand provided. As your business grows, the versatility of the SpaceSaver™ keeps pace with you.

The SpaceSaver™ is designed to offer premium value at an affordable price.

FEATURES

- ◆ A powerful 1500 Watt motor
- ◆ Half-gallon polycarbonate jar
- ◆ Liquid Crystal Display(LCD) reports cycle counts and helpful diagnostics.
- ◆ Available in 110 V and 220 V
