① Shipping weight

② Add 3-1/2" for door and handle

③ Add 3" for condensate evaporator

④ Add 1.1 amps for condensate evaporator

**note**

■ Glass door models are designed for indoor use where temperature and humidity are maintained at 75°F and 55% RH respectively.

\* Merchandiser storage capacity may vary due to type of ice, ice bag size differences and methods of loading.

Material and product improvement is a constant commitment at Leer Limited Partnership. These specifications are subject to change without notice and without incurring responsibility for previously sold merchandisers and components.

## options

- Custom painted exterior
- Custom silk screening
- 220 /1/50 voltage
- Heavy-duty refrigeration (automatic defrost models only)
- Reverse fan self-cleaning condensing unit
- Silver frame glass doors and trim
- All models available with R22 refrigeration
